Dear Dr. [REDACTED]

Re: Business Relationship with a Registered Optician

As you know, the regulations applicable to optometrists in Ontario prohibit them from practising "in association, partnership or otherwise with or while employing or under the employment" of a registered optician. For your reference, a copy of the applicable regulation is enclosed.

The College has received information that you may be practising in a manner that is contrary to the Regulations with an optician registered with the College of Opticians of Ontario, specifically, [REDACTED]. Prior to giving this matter any further consideration, I wanted to afford you the opportunity to provide me with your written comments about this matter. Should you wish to do so, please ensure that your response is received not later than January 31, 2008. If I do not hear from you by that date, I will assume that you have chosen not to reply.

Thank you for your understanding and cooperation.
