Dear Gord:

I am writing in response to your fax to Cathy Fooks of January 24th requesting a meeting with our Executive Committee within the first ten days of February to discuss the refractometry issue.

Our College has determined that it does not wish to become involved in this stage of the discussions of this issue. We see this issue as being one to be resolved by the association counterparts rather than the regulatory colleges.

Trusting I have your understanding on this issue, I remain

Yours sincerely,

John M. Bonn MD LLB
